Rajesh Paper Mart has established itself as one of the pre-eminent position in the PAPER segment in India and is on its way to become a major global player. Incorporated in 1973, **Rajesh Paper Mart** is an accredited supplier, exporter and importer of high quality BOARD as well as PAPER that can be used for other domestic or industrial applications.

Our highest priority is on customizing our products. We are committed to provide what our customer wants. We always endeavor to provide reliable products having international standards to our clients.

We are fine-tuned to deliver consignment as per the customer's requirements. We also have expertise in formulating exact replica to the client's drawing of the required product.

We are introducing new product: **“WAP-ECO PAPER”**

WAP-ECO PAPER & its Features as follows.....

Environmental Protection

1. No deforestation.
2. Wap-Eco paper contains no strong acid and bleachers, generating no pollution on water and air.
3. Wap-Eco paper will go degradable when left outdoors after 6 to 12 months.
4. Wap-Eco paper is recyclable and renewable.
5. Wap-Eco paper is compliant with FDA standard.
6. Toxic gas is lower than the standard
7. Smoke density is lower than the standard

Other Features

8. Tensile and tear strength ratio, bursting strength, folding endurance are better than those of pulp paper.
9. Wap-Eco paper has better smoothness on surface, whiteness and printing effect.
10. Water resistant, no change after flood test and in different humidity, no fuzz and mildew on surface.
11. Easy for hot molding and hot-melt adhesive padding.
12. Anti-bacteria and vermin-proof, good for indoor preservation.

Special Features of “WAP-ECO PAPER”

- Waterproof
- Durable material
- Easy to fold and bind
- When incinerated, toxic gas and density of smoke produced is well within regulations.
- The paper is double Side Coated.
- Printing specification:

Offset, Gravure, Rotary, Letter press

3 . advantages to Pulp paper

- a Waterproof, Mist proof, Grease proof, Anti-moth
- b Physical strength (especially tear resistant, high fold durability)

1. Environment Protection and Energy Saving

Wap-Eco paper is meeting the call of energy saving, recycling of resources and environmental production; we expect consumers shall accept our product easily.

2. Market Trend

Many new products are introduced in the highly competitive technology industry, Wap-Eco paper is an ideal replacement for the traditional pulp paper. We believe the prospect of Wap-Eco paper is promising.

Other specifications:

Waterproof, Water Based Adhesive, Acrylic Based Adhesive, Fold ability, Book Binding, Packaging Bag, Paper Bag, Label Tag

Applications of “WAP-ECO PAPER”

- a .Hand Bag(High Strength)
- b .Woven Bag(Waterproof)
- c .Note book(Tear resistant)
- d .Freezer food packaging(Waterproof, Durable under low temperature)
- e .Fruit Bag(Anti-moth, Prevent use of insecticide)
- f .Billboard advertisement(Waterproof)
- g .Map(Waterproof, High fold durability)
- h .Label paper(Waterproof)
- i .Books(Low density, Reduce carrying weight for children)

Calendar, Posters, Maps, Notepads, Instruction Booklets, Envelopes, Tags, Paper Bags, Packaging Paper, Plastic Floor, Art Craft Paper, Wall Paper, Advertising Paper for Light Boxes and Billboards.

Save mother earth by replacing 1 ton of virgin coated paper with 1 ton of WAP-ECO PAPER

- a) Saves 20 trees
- b) 7480 gallons of water/waste water flow saved
- c) 236 lbs atmospheric emissions eliminated
- d) 167 lbs solid waste not generated
- e) 6 million BTU's energy not consumed
